2. ACCOUNTING PERIOD, ACCOUNTING CURRENCY AND BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

2.1 ACCOUNTING PERIOD

The financial year of the Company begins on 01 January and ends on 31 December of the calendar year.

2.2 ACCOUNTING CURRENCY

The consolidated financial statements expressed in Vietnam Dong ("VND"),

2.3 BASIC OF CONSOLIDATION

The Consolidated Financial Statements of the Company are prepared under Circular No. 202/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance providing guidance on preparation and presentation of consolidated financial statements.

2. ACCOUNTING PERIOD, ACCOUNTING CURRENCY AND BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)

2.3 BASIC OF CONSOLIDATION (CONT'D)

The Consolidated Financial Statements The consolidated financial statements comprise the financial statements of the Company and its subsidiary.

Subsidiary is fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continued to be consolidated until the date that such control ceases.

The financial statements of subsidiary are prepared for the same reporting year as the Company, using consistent accounting policies.

All intra-company balances, income and expenses and unrealized gains or losses resulting from intra-company transactions are eliminated in full.

Non-controlling interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the consolidated income statement and within equity in the consolidated balance sheet, separately from parent shareholders' equity.

Impact of change in the ownership interest of a subsidiary, without a loss of control, is recorded in retained earnings.

3. ADOPTION OF ACCOUNTING STANDARDS AND SYSTEMS

The accompanying consolidated financial statements are prepared in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 ACCOUNTING ESTIMATES

The preparation of Consolidated Financial Statements in conformity with Vietnamese Accounting Standards requires Board of Management to make estimates and assumptions that affect the reported amounts of receivables, liabilities, assets and disclosures of contingent assets, receivables and liabilities at the reporting date and the reported amounts of revenues and expenses during the year. Actual business results may differ from estimates and assumptions.

4.2 CASH AND CASH EQUIVALENTS

Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution.

Inventories are accounted for under perpetual inventory method. The stock-out price of material is calculated using he weighted average method.

The evaluation of necessary provision for inventory obsolescence follows current prevailing accounting regulations which allow provisions to be made for obsolete, damaged, or sub-standard inventories and for those which have costs higher than net realisable values as at the balance sheet date.

4.5 TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets are stated at their historical cost less accumulated depreciation. The costs of purchased tangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working condition and location for their intended use.

The costs of tangible fixed assets constructed by contractors comprise the finally accounted cost of the work and any directly attributable costs of bringing the assets to their working condition and location for their intended use.

Items which have been put into use but not yet approved by authorities will be temporarily added to the cost of tangible fixed assets and depreciated. Upon a final account of these tangible fixed assets, the cost will be accordingly adjusted while depreciation expenses remain intact for adjustment (up or down) to be made over the remaining depreciable time of the assets.
Tangible fixed assets are depreciated using the straight-line method over the estimated useful lives as follows:

Type of assets	**Time of use (years)**
Buildings and Structures	25

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.14 TAXATION (CONT'D)

Current income tax is charged or credited to the separate income statement, except when it relates to items recognized directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when the Current income tax of Ho Chi Minh Office and Da Nang Branch (dependent-accounting of the Company) are declared and paid at Ho Chi Minh Tax Department.

Current income tax of Sai Gon – Cam Ranh Ground Service JSC, Sai Gon – Long Thanh Ground Service LTD is declared and paid at the local tax authority.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amount for separate financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Previously unrecognized deferred tax assets are re-assessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled based on tax rates and tax laws that have been enacted at the balance sheet date.

Deferred tax is charged or credited to the separate income statement, except when it relates to items recognized directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on either the same taxable entity or when the Company intends either settle current tax liabilities and assets on a net basis or to realize the assets and settle the liabilities simultaneously, in each future year in which significant amounts of deferred income tax liabilities or assets are expected to be settled or recovered.
